SUBJECT : Non-Availability of Transportation

1. Reference your query concerning availability of government transportation the following information is submitted: Preplanning of the operation of this organization included utilization of a bus for personnel transport to and from the Main base for messing, picture show, etc., during non-duty hours. To this date the bus and/or other government transportation has not been furnished and is not scheduled for future utilization due to lack of assigned personnel qualified as drivers. During duty hours transportation can be furnished for official duties.
